Boice Crane Drill Press Manual - yycdn.truyenyy.com

In August of 1936, the company name was formally changed to Boice-Crane Co. During the 1950s and '60s, they sold a gear-head drill press made by Arboga of Sweden. This was later replaced by a similar Swedish-made drill made by Strand. At some point, Boice-Crane acquired the rights to the Comet line of radial arm saws.

Boice Crane Parts (discovered in an old warehouse ...

I have an old drill, I believe that it is a Boice Crane, says it on a tag, along with a tag saying "Made in Sweden". From what I have found, Boice Crane built mostly woodworking machinery, and was a US company. It did build drill presses, but made in Sweden? I believe Wilton bought out the drill press line. Anybody know anything about this machine?

Boice Crane Drill - Practical Machinist

Welcome to PM. Nice car and Drill press! Arboga and possibly the other Swedish drill press manufactures did make combo Drill / Mills. Use the search button at the top and pick the Google option and type in Arboga drill mill and you should get some hits on here. I have a strands drill press and all so one of the Arboga drill mills.
