The two main characters engage in most of the internal monologues. In any given chapter, I have tried to stay within one of their heads at a time. Sometimes I have switched to the other within a chapter, but I preface it with a couple of spaces between the texts so the reader knows there's a switch in the story's time, place, or character POV.

Format: When the citation falls at the end of the sentence, the parenthetical note precedes the end punctuation (period). One space separates the author's name from the date, and one comma separates the date from the page number (or chapter, etc.). Page abbreviations like "p." or "pp." are used only when their absence is likely to cause confusion.

Formal application of punctuation with a salutation that doesn't include an opening adjective (e.g., Dear Sir) would call for a comma preceding the person's name as a proper form of address (e.g., Good afternoon, George). Whether to follow the name with a comma or a colon would be determined by the relationship's context:
