Daniel Suarez. Daemon (Signet, 2009); Freedom(TM) (Dutton 2010). In Daemon, a software tycoon and game designer named Matthew Sobol is dying.

As the second part to the equally thrilling Daemon, Freedom TM unravels this great ecologically and socio-critical story to a thought-provoking ending. Daniel Suarez created two books so thrilling and full of sci-fi machinery with its technical and military detail that it's hard to believe that everything he wrote is possible if not all but the world in which we live today.
