visible support from the top. Form an agency coalition or team from a variety of sources, based on expertise, influence and belief in the efforts.

Change Management model implementation guide

First of all, it is important to distinguish 'policy change' from 'policy reform' as the terms are often used interchangeably in the literature. Policy change refers to incremental shifts in existing structures, or new and innovative policies (Bennett and Howlett 1992). Reform usually refers to a major policy change.

The Nature of Policy Change and Implementation: A Review ...

The agency reserves the right to modify, revoke, suspend, terminate, or change any or all plans, policies, or procedures in whole or in part, at any time with or without notice in compliance with applicable laws.

Agency Policies & Procedures Manual

Individual and collective agency may serve to reaffirm social order by reproducing norms and existing social relationships, or it may serve to challenge and remake social order by going against the status quo to create new norms and relationships. Individually, this might look like rejecting the gendered norms of dress.

Section 3. Social Planning and Policy Change

In social science, agency is defined as the capacity of individuals to act independently and to make their own free choices. By contrast, structure are those factors of influence (such as social class, religion, gender, ethnicity, ability, customs, etc.) that determine or limit an agent and their decisions. The influences from structure and agency are debated—it is unclear to what extent a ...

Agency (sociology) - Wikipedia

In the social sciences there is a standing debate over the primacy of structure or agency in shaping human behaviour. Structure is the recurrent patterned arrangements which influence or limit the choices and opportunities available. Agency is the capacity of individuals to act independently and to make their own free choices. The structure versus agency debate may be understood as an issue of ...
