Race and gender seem to be the two primary classifying agents which lead to the distribution of resources. Beyond that, economic class, race and gender structures, experience of poverty and domestic violence, shape the ways women experience life and are integrated in society. How this reflects on the shaping of identities of individuals is clear.

Race, class, and emerging sexuality: teacher perceptions ...
Race and gender are significant factors in education. The Washington Post tells us that soon "gender blind admissions will be the new campus rallying cry." Gender imbalance in schools is so senseless and has come to the point where some students are revolting, and want their admissions being looked at as genderless, just so they'll have a better chance of being accepted.
