### Smart Cities Plan City Of

Cities Of The Future. Smart cities bring together infrastructure and technology to improve the quality of life of citizens and enhance their interactions with the urban environment.

### Smart Cities: The Future Of Urban Development

The Smart Cities Plan provides a foundation for ongoing reform and cooperative action. It represents a new framework for cities policy at the federal level—and it is a framework that will guide action across various portfolios, to deliver better outcomes for our cities, the people who live in them and all Australians.

## **Smart Cities Plan - The Department of Infrastructure ...**

Description. Smart Cities Mission envisions developing an area within the cities in the country as model areas based on an area development plan, which is expected to have a rub-off effect on other parts of the city, and nearby cities and towns. Cities will be selected based on the Smart Cities challenge, where cities will compete in a countrywide competition to obtain the benefits from this ...
